RE: Case No. 2008-00187
Cumberland County Water District
Filing Deficiencies

Cumberland County Water District's application in the above case has been reviewed.
The filing is rejected for the reasons set forth below.

1. Filing deficiencies pursuant to 807 KAR 5:001, Section 9 (2)(f) – An estimated cost of operation after the proposed facilities are completed.

The statutory time period in which the Commission must process this case will not commence until the above-mentioned information is filed with the Commission. If Cumberland County Water District's filing contains a proposed effective date, the rejection of this filing for reasons of deficiency voids that proposed effective date. When filing the required information to correct the deficiencies, Cumberland County Water District may re-file its proposed tariff with a new proposed effective date that is at least 30 days from the date the required information is filed.

Please file an original and ten copies of this information within 10 days of the date of this letter. If you need further assistance, please contact Bob Robards at 502-564-3940, Ext. 425.

Sincerely,
